1025	RT2A progress and plans	Jean-François Royer (CNRM)
1045	Coffee break	
1115	Overview of first stream simulations for the 20 th Century	Eigil Kaas (DMI)
1130	Overview of first stream simulations for the 21 st Century	Ulrich Cubasch (FUB)
1145	The probabilistic climate prediction problem	Claudio Piani (UOXFDC)
1215	Progress with Annual Reports	Chris Hewitt (METO-HC)
1230	Discussion	
c.1240	Lunch	
1400	Findings from the FP5 MICE-PRUDENCE-STARDEX cluster	Gregor Leckebusch (FUB), Ole Christensen (DMI), Christina Anagnastopoulou (AUTH)
1430	RT3 progress and plans	Markku Rummukainen (SMHI)
1450	RT2B progress and plans	Clare Goodess (UEA)
1505	RT4 progress and plans	Julia Slings (UREADMM)
1525	Coffee break	
1600	RT5 progress and plans	Albert Klein Tank (KNMI)
1620	Physical and biogeochemical feedbacks	Pascale Braconnot, Pierre Friedlingstein (CNRS-IPSL)
1700	General Discussion (including any issues from partners)	
c.1730	Close	
1915	Dinner	Edem Restaurant, Faliron ¹

¹ Restaurant is located about 6km from Athens. It is accessible by tram (direction Glyfada – tram stop Edem). Journey takes approximately 30 minutes. Alternatively, take the B2 bus and alight at Edem. Both tram and bus depart from Syndagma Square. Participants will be required to indicate their main course choice at registration.

Thursday 8 September

0830-0900	Registration to collect badges and meeting information if not already done (in Neo lobby area)	
0900	Introduction to cross-RT topics	
0910	Integration	rapporteur from Monday meeting
0940	Weighting	rapporteur from Monday meeting
1010	Data availability	Antje Weisheimer (ECMWF)
1030	Coffee break	
1115	RT0 progress and plans	Chris Hewitt (METO-HC)
1130	RT7 progress, and update on emissions scenarios	Richard Tol (Uni-HH)
1150	Socio-economic impacts, and feedback of climate change on emissions scenarios	Roberto Roson (FEEM)
1220	Discussion	
c.1230	Lunch	
1400	RT6 progress and plans	Andy Morse (UNILIV)
1420	Impacts of climate change: perspectives from the energy sector	Laurent Dubus (EDF)
1450	RT8 progress and plans	Christos Giannakopoulos (NOA)/Markus Stoffel (UNIFR)
1510	Discussion of issues from the Evora Workshop on climate modelling and impacts assessments	Tom Holt (UEA)
1525	Coffee break	
1605	Assessing climate change impacts, adaptation and vulnerability: who needs climate scenarios?	Tim Carter (SYKE)
1635	Gender Action Plan	Aristita Busuioc (NMA)
1650	GA2006, General Discussion (including any issues from partners)	Chris Hewitt / Dave Griggs (METO-HC)
c.1730	Close	

Friday 9 September

0830-1230	ENSEMBLES Management Board (coffee available at 1000)
