

Project no. GOCE-CT-2003-505539

Project acronym: ENSEMBLES

Project title: ENSEMBLE-based Predictions of Climate Changes and their Impacts

Instrument: Integrated Project

Thematic Priority: Global Change and Ecosystems

Deliverable D8.10 “Staff exchange programmes – 3rd call”

Due date of deliverable: February 2008

Actual submission date: call launched on 14 January 2008

Start date of project: 1 September 2004

Duration: 60 Months

Organisation name of lead contractor for this deliverable: UNIGE (M. Beniston, M. Stoffel)

Revision [draft, 1, 2, ..]

Project co-funded by the European Commission within the Sixth Framework Programme (2002-2006)		
Dissemination Level		
PU	Public	
PP	Restricted to other programme participants (including the Commission Services)	
RE	Restricted to a group specified by the consortium (including the Commission Services)	
CO	Confidential, only for members of the Consortium (including the Commission Services)	

UNIGE has launched, in collaboration with ENS (Michael Ghil) the third call for Staff Exchange Programmes on 14 January 2008. The total amount for scholarships for this call is € 5,000, so that only short exchanges will be able to be supported between ENSEMBLES partner institutions. The deadline for applications is JUNE 15, 2008 and applications need to be sent via email to ghil@lmd.ens.fr. Thereafter, a review committee will decide on the allocation of funds by early summer, and the successful candidates will in principle be able to travel between partner institutions starting in October, 2008. Please find below a screen shot of the web site (<http://www.unige.ch/climate/Projects/ENSEMBLES-RT8/Mobility.html>) dedicated to this deliverable.

ENSEMBLES Mobility Scholarships, Final 2008 call for applications

An initiative of Work Package 8.4 of ENSEMBLES Research Theme 8 (RT8)

In order to enable exchanges of young scientists between ENSEMBLES partner institutions, Research Theme 8 (RT8) is setting up a Mobility Scholarship program to encourage short visits. These exchange programs are aimed at sharing inter-disciplinary approaches to complex problems that arise from and are addressed by ENSEMBLES-generated research. Research Theme 8 (RT8) is setting up a Mobility Scholarship program to encourage short visits. These exchange programs are aimed at sharing inter-disciplinary approaches to complex problems that arise from and are addressed by ENSEMBLES-generated research.

In addition, the ENSEMBLES Mobility Scholarships are designed to enhance and highlight the impact of the ENSEMBLES community in these areas of research. impact of the ENSEMBLES community in these areas of research.

Support from ENSEMBLES can be used inter alia to:

- Exchange information, methodologies, model results and techniques, and general scientific experience
- Enhance existing collaboration within the ENSEMBLES community
- Present ENSEMBLES-relevant results at Workshops, Conferences and Summer Schools

The total amount for scholarships for this call is € 5,000, so that only short exchanges will be able to be supported between ENSEMBLES partner institutions. ENSEMBLES partner institutions.

Applications for ENSEMBLES Mobility Scholarships should be made on the appropriate **application forms** that can be **downloaded** by clicking on the **link below**.

↓ **EMSAF** (98.5Ko, PDF)

Applicants should not be more than 35 years of age when submitting their funding request. In addition, the time elapsed since being awarded their PhD degree should not exceed 4 years.

DEADLINE FOR APPLICATIONS: JUNE 15, 2008, TO BE SENT VIA E-MAIL TO:

ghi@imd.ens.fr
